Corporate Governance at AMG during 2022

In this report, the Company, as a Dutch listed company, sets forth its overall corporate governance structure and the extent to which it applies the provisions of the Dutch Corporate Governance Code as amended and issued on December 8, 2016 (the “2016 Code”). The Dutch Corporate Governance Code can be downloaded at www.mccg.nl.

As of January 1, 2023, the 2022 Code (amended and issued on December 20, 2022) is effective in the Netherlands, replacing the 2016 Code. As of 2024, the Company will report on the 2022 Code. This document will report over 2022 taking into account the applicable 2016 Code.

As provided under the 2016 Code, the Company reviewed and updated, its procedures and documentation in order to be compliant with the principles and best practice provisions set forth in the 2016 Code. The Supervisory Board and the Management Board, which are responsible for the corporate governance structure of the Company, hold the view that the vast majority of principles and best practice provisions set forth in the 2016 Code as applicable during 2022 are being applied, while certain deviations are discussed and explained hereafter. A full and detailed description of AMG’s Corporate Governance structure and AMG’s compliance with the Dutch Corporate Governance Code follows hereafter.

AMG Advanced Metallurgical Group N.V., located in the Netherlands, is a company organized under Dutch law that has various subsidiaries in multiple jurisdictions to enable efficient business operations. The Management Board is responsible for maintaining a culture that is conducive to achieving its strategic objectives with a focus on long-term value creation, as further explained in this chapter as well as other sections of the report of the Management Board.

1. 2022 ANNUAL ACCOUNTS AND DIVIDENDS

The Management Board and the Supervisory Board have approved AMG’s audited financial statements for 2022. KPMG audited these financial statements, which will be submitted for adoption to the General Meeting of Shareholders in May 2023.

The Management Board is authorized, subject to approval by the Supervisory Board, to reserve profits wholly or partly. The General Meeting is authorized to distribute and/or reserve any remaining part of the profits. The General Meeting may decide on the disposition of reserves only after a proposal by the Management Board, which must have been approved by the Supervisory Board.

The dividend policy was lastly discussed in the 2022 Annual General Meeting. In 2021 the Management Board, with the approval of the Supervisory Board, had amended the dividend policy given the intrinsic volatility AMG has experienced in some of its markets. Given that AMG has cyclical elements in its product mix and that it desires to have a relatively consistent dividend payout, the revised policy will allow for stable dividend pay-outs and target gradual increases to historic dividend levels, provided that such pay-outs and

possible increases are supported by AMG's liquidity and cash flow generation, and subject to prevailing statutory requirements. In line with Dutch corporate governance best practices, the revised dividend policy was discussed during the Annual Meeting in 2022 and endorsed by the shareholders.

The Company intends to propose a full year dividend for 2022 of EUR 0,70 to the General Meeting of Shareholders for approval as part of the adoption of the 2022 Annual Accounts. The interim dividend of €0.30 per ordinary AMG share, paid on August 10, 2022, will be deducted from this amount. The proposed final dividend per ordinary share therefore amounts to €0.40. This dividend payment is in line with the revised dividend policy as explained above. Future dividend payments to shareholders will be at the discretion of the Management Board subject to the approval of the Supervisory Board and after taking into account various factors, including business prospects, cash requirements, financial performance, expansion plans, the terms of the Company's financing facilities and the compliance with applicable statutory and regulatory requirements.

Additionally, any payment of dividends (whether interim or after adoption of the annual accounts) or other distributions to shareholders may be made only if the Company's shareholders' equity exceeds the sum of the issued share capital plus the reserves required to be maintained by law.

2. SHARES AND SHAREHOLDERS' RIGHTS

As of December 31, 2022, the total issued share capital of AMG amounted to €650,083.28 consisting of 32,504,164 ordinary shares of €0.02 each. Each ordinary share carries one vote. The ordinary shares are listed on Euronext Amsterdam and are freely transferable.

Pursuant to the Financial Markets Supervision Act (Wet op het financieel toezicht) and the Decree on Disclosure of Major Holdings and Capital Interests in Securities-Issuing Institutions (Besluit melding zeggenschap en kapitaalbelang in uitgevende instellingen), the Netherlands Authority for the Financial Markets (Stichting Autoriteit Financiële Markten) ("AFM") substantial holdings (>3%) in ordinary shares of AMG have to be registered by investors. The Company refers to the applicable substantial holdings register at the AFM website for the most recent registrations by AMG investors. As the Company is not involved in any AFM registrations of substantial holdings by its investors, the positions registered and visible in the AFM register may not necessarily reflect the actual holdings of an investor in AMG.

SHAREHOLDING	2022	2021
Number of ordinary shares issued	32,504,164	32,504,164
Average daily turnover	294,324	278,161
Highest Closing Price	€41.36	€34.94
Lowest Closing Price	€21.64	€23.98

3. PREFERENCE SHARES

The General Meeting of Shareholders approved in its meetings of May 12, 2010 and July 6, 2010 that the Articles of Association of the Company would be changed in order to introduce a new class of preference shares, which may be issued and used as a response device in order to safeguard the interests of the Company and its stakeholders in all those situations where the Company's interests and those of its stakeholders are at stake, including but not limited to situations in which non-solicited public offers are made.

The preference shares carry equal voting rights as ordinary shares and are entitled, if distribution to shareholders is permitted, to a fixed dividend equal to the Euro Interbank Offered Rate for deposit loans of one year, increased with a maximum of 400 basis points as determined by the Management Board of the Company and subject to approval by the Supervisory Board. The Articles of Association of the Company were amended on July 6, 2010 to provide for an authorized share capital of 65.0 million ordinary shares and 65.0 million preference shares. Contrary to ordinary shares, preference shares may be issued against partial payment thereon, provided that at least one quarter of the nominal amount is paid-up in full upon subscription. The preference shares are not freely transferable; any transfer thereof is subject to the approval of the Supervisory Board.

4. STICHTING CONTINUÏTEIT AMG

In line with Dutch law and corporate practice, on July 6, 2010, Stichting Continuïteit AMG (the "Foundation") was established in Amsterdam, having as its main objective to safeguard the interests of the Company and its stakeholders.

The Board of the Foundation is independent from the Company and currently consists of Mr. H. de Munnik, Chairman, Mr. H. Reumkens and Prof. K. Lutz as members. Professor Lutz succeeded Mr. Hendrik Borggreve in 2022 as member of the Board of the Foundation after 12 years of service.

The main objective of the Foundation is to represent the interests of the Company and of the enterprises maintained by the Company and the companies affiliated with the Company in a group, in such a way that the interests of the Company and of those enterprises and of all parties involved in this are safeguarded in the best possible way, and that influences which could affect the independence and/or continuity and/or identity of the Company and those enterprises in breach of those interests are deterred to the best of the Foundation's ability.

Under the terms of an option agreement dated December 22, 2010 between the Company and the Foundation, the Foundation has been granted an option pursuant to which it may purchase a number of preference shares up to a maximum of the total number of ordinary shares outstanding at any given time in the event of a threat to the continuity or strategy of AMG.

5. VOTING RIGHTS

There are no restrictions on voting rights of ordinary and preference shares. Shareholders who hold shares on April 6, 2023 (mandated as the 28th day prior to the day of the General Meeting of Shareholders on May 4, 2023) are entitled to attend and vote at the General Meeting of Shareholders regardless of a sale of shares after such date.

6. MANAGEMENT BOARD

The executive management of AMG, and its representation towards third parties, is entrusted to its Management Board, which is chaired by the Chief Executive Officer. The Articles of Association provide that the number of members of the Management Board shall be determined by the Supervisory Board. The members of the Management Board are appointed by the General Meeting of Shareholders for a maximum term of four years and may be reappointed for additional terms not to exceed four years.

The Management Board members are collectively responsible for creating a culture within the AMG Group that is focused on long-term value creation. Each Management Board member shall serve the best interests of the Company with a view to creating long-term value, while carrying out his responsibilities and will take into account the interests of all the Company's stakeholders.

The Management Board has drawn up a code of business conduct, monitors its effectiveness with the assistance of the Chief Compliance Officer, and has established a procedure for reporting actual or suspected irregularities within the Company or its group companies. The Management Board has further adopted values for the Company and the AMG Group ("AMG Values") and is responsible for maintenance of the AMG Values within the Company and its group companies by encouraging behavior that is in keeping with the AMG Values and by leading by example. In this regard, specific attention shall be given to the strategy and the business model, the environment in which the Company and the AMG Group operate, and the existing culture within the Company and the AMG Group.

Please refer to the Sustainable Development section of the 2022 Annual Report for a further review of the application of the AMG Values within the AMG Group and compliance with the AMG Code of Business Conduct during 2022.

The Management Board is responsible for the internal audit function of the AMG Group and the Management Board appoints and dismisses the senior internal auditor upon approval of the Supervisory Board, along with the recommendation of the Audit & Risk Management Committee.

The Supervisory Board is authorized to make a non-binding or binding nomination regarding the appointment of members of the Management Board. A binding nomination means that the General Meeting of Shareholders may appoint the nominated persons, unless the General Meeting of Shareholders rejects the nomination by an absolute majority (more than 50% of the votes cast) representing at least one-third of the issued share capital. In case the absolute majority is reached, however, not representing one-third of issued share

capital, a second meeting will be convened in which the resolution may be adopted without a quorum applying. If the Supervisory Board has not made a nomination, the appointment of the members of the Management Board is at the full discretion of the General Meeting of Shareholders. The General Meeting of Shareholders and the Supervisory Board may suspend a member of the Management Board at any time.

A resolution of the General Meeting of Shareholders to suspend or dismiss a member of the Management Board requires an absolute majority (more than 50% of the votes cast), representing at least one-third of the issued share capital, unless the Supervisory Board has proposed the suspension or dismissal to the General Meeting of Shareholders, in which case an absolute majority is required but without any quorum requirement.

The Management Board follows its own rules of procedure concerning meetings, resolutions, and similar matters. These rules of procedure are published on the Company's website. The Company has rules to avoid and deal with conflicts of interest between the Company and members of the Management Board. The Articles of Association state that in the event of a direct or indirect personal conflict of interest between the Company and any of the members of the Management Board, the relevant member of the Management Board shall not participate in the deliberations and decision-making process concerned. If all members of the Management Board are conflicted, and, as a result, no Management Board resolution can be adopted, the Supervisory Board shall adopt the resolution. In addition, it is provided in the rules of procedure of the Management Board that the respective member of the Management Board shall not take part in any decision-making that involves a subject or transaction to which he or she has a conflict of interest with the Company. Such transaction must be concluded on market practice terms and approved by the Supervisory Board. The rules of procedure of the Management Board establish further rules on the reporting of (potential) conflicts of interest.

7. SUPERVISORY BOARD

The Supervisory Board supervises the general course of business of the Company and the way the Management Board implements the long-term value-creation strategy of the Company. The Supervisory Board regularly discusses the strategy, the implementation of the strategy and the principal risks associated with it. The Supervisory Board assists the Management Board by providing advice. In fulfilling their duties, the Supervisory Directors shall act in the interest of the Company and its affiliated enterprises and the Supervisory Board shall take into account the stakeholder interests that are relevant in this context. The Supervisory Board is responsible for the quality of its own performance and evaluates its own performance and that of the Management Board once per year.

Under the two-tier corporate structure pursuant to Dutch law, the Supervisory Board is a separate body that is independent of the Management Board. Members of the Supervisory Board can be neither members of the Management Board nor employees of the Company. The Supervisory Board discusses and approves major management decisions as well as the strategy that is developed and implemented by the Management Board. The Supervisory Board has adopted its own rules of procedure concerning its own governance, committees, conflicts of interest, etc. The rules of procedure are published on the

Company's website and include the charters of the committees to which the Supervisory Board has assigned certain preparatory tasks, while retaining overall responsibility.

These committees are the Remuneration Committee, the Selection & Appointment Committee, and the Audit & Risk Management Committee. The Supervisory Board shall be assisted by the Corporate Secretary of the Company, who shall be appointed by the Management Board after approval of the Supervisory Board has been obtained. The number of members of the Supervisory Board will be determined by the General Meeting of Shareholders with a minimum of three members. Please refer to the Report of the Supervisory Board published as part of the 2022 Annual Report for a report by each committee of the Supervisory Board for the year 2022 as well for the Remuneration Report for the year 2022.

A Supervisory Director is appointed for a maximum period of four years and may then be reappointed once for another maximum four-year period. The Supervisory Director may then subsequently be reappointed again for a period of two years, after which point the appointment may be extended by at most two years. In the event of a reappointment after an eight-year period, reasons shall be given in the (annual) report of the Supervisory Board. For any appointment or re-appointment, the profile for Supervisory Board candidates, which was drawn up by the Supervisory Board, will be observed. The Supervisory Board prepares a rotation schedule, which is made generally available and is posted on the Company's website.

The Supervisory Board is authorized to make a binding or non-binding nomination regarding the appointment of the members of the Supervisory Board. In the event of a binding nomination, the General Meeting of Shareholders appoints the members of the Supervisory Board from a nomination made by the Supervisory Board.

A binding nomination means that the General Meeting of Shareholders may appoint the nominated person, unless the General Meeting of Shareholders rejects the nomination by an absolute majority (more than 50% of the votes cast) representing at least one-third of the issued share capital.

In case the absolute majority is reached, however, not representing one-third of issued share capital, a second meeting of record will be convened in which the resolution may be adopted with normal majority, without a quorum applying.

If the Supervisory Board has not made a nomination, the appointment of the members of the Supervisory Board is at the full discretion of the General Meeting of Shareholders. The General Meeting of Shareholders may, at any time, suspend or remove members of the Supervisory Board. A resolution of the General Meeting of Shareholders to suspend or remove members of the Supervisory Board requires an absolute majority (more than 50% of the votes cast) representing at least one-third of the issued share capital, unless the Supervisory Board has proposed the suspension or dismissal, in which case an absolute majority is required, without any quorum requirement.

As required under the Code and Dutch law, the Company has formalized strict rules to avoid and deal with conflicts of interest between the Company and the members of the Supervisory Board, as further described in the rules of procedure of the Supervisory Board. Further information on the Supervisory Board and its activities can be found in the Report of the Supervisory Board published as part of the Annual Report 2022.

Each of the current members of the Supervisory Board is obliged not to transfer or otherwise dispose of any shares awarded as part of their annual remuneration until the earlier of the third anniversary of the date of the award or the first anniversary of the date on which he or she ceases to be a member of the Supervisory Board. Shares in the Company held by the Supervisory Directors shall be held only as long-term investments.

8. GENERAL MEETING OF SHAREHOLDERS

A General Meeting of Shareholders is held at least once per year. During the Annual Meeting, the Annual Report, including the Report of the Management Board, the annual (consolidated) financial statements, the implementation of the remuneration policy for the Management Board, and the Report of the Supervisory Board are discussed, as well as other matters pursuant to Dutch law or the Company's Articles of Association.

As a separate item on the agenda, the General Meeting of Shareholders is entrusted with the discharge of the members of the Management Board and the Supervisory Board from responsibility for the performance of their duties during the preceding financial year. The General Meeting of Shareholders is held in Amsterdam or Haarlemmermeer (Schiphol Airport), and takes place within six months following the end of the preceding financial year. During the years 2020, 2021 and 2022 the Annual General Meeting was held virtually by TEAMS conference due to the travel restrictions that were in place as a result of the COVID-19 pandemic and on the basis of special legislation adopted by Dutch Parliament.

Meetings are convened by public notice on the website of the Company and by letter, or by use of electronic means of communication, to registered shareholders (if any). Notice is given at least 42 days prior to the date of the General Meeting of Shareholders. The main powers of the General Meeting of Shareholders are set forth in the Company's Articles of Association, which are published on the Company's website, and the applicable provisions of Dutch law.

On May 5, 2022, the General Meeting of Shareholders resolved to authorize the Management Board for a period of 18 months from that date (until November 4, 2023) as the corporate body, which, subject to approval by the Supervisory Board, is authorized to issue shares, including any grant of rights to subscribe to shares up to a maximum of 10% of the Company's issued share capital as per December 31, 2021, for general corporate purposes and/or for the purpose of mergers and acquisitions, and/or for strategic alliances and/or financial support arrangements. This authorization also includes the power to restrict or exclude preemptive rights.

On May 5, 2022, the General Meeting of Shareholders resolved to authorize the Management Board for a period of 18 months from that date (until November 4, 2022) as the corporate body which, subject to approval by the Supervisory Board, is authorized to effect acquisitions of its own shares by AMG. The number of shares to be acquired is limited to 10% of the Company's issued share capital as of December 31, 2021, taking into account the shares previously acquired and disposed of at the time of any new acquisition. Shares may be acquired through the stock exchange or otherwise, at a price between par value

and 110% of the average stock exchange price for a five-day period prior to the date of acquisition. The stock exchange price referred to in the previous sentence is the average closing price of the shares at Euronext Amsterdam on the five consecutive trading days immediately preceding the day of purchase by, or for, the account of the Company.

9. ARTICLES OF ASSOCIATION

The Company's Articles of Association can be amended by a resolution of the General Meeting of Shareholders on a proposal from the Management Board that has been approved by the Supervisory Board. A resolution of the General Meeting of Shareholders to amend the Articles of Association that has not been taken on the proposal from the Management Board and the approval of the Supervisory Board, should be adopted by a majority of at least two-thirds of the votes cast in a meeting in which at least 50% of the issued share capital is represented. The Articles of Association have last been amended on June 24, 2015 following approval by the General Meeting of Shareholders in its Extraordinary General Meeting held on June 18, 2015 and are published on the Company's website (amg-nv.com).

10. CORPORATE SOCIAL RESPONSIBILITY AND ESG

AMG's Values (safety, value creation, respect for people, protect the planet by enabling CO₂ reduction and integrity) form the core foundation of AMG's ambition to be a leader in the fields of critical materials and engineering services and to achieve excellence in all that it does. They apply to how AMG and its group companies conduct their operations and how they deal with their employees, business partners and stakeholders.

In being a responsible corporate citizen, AMG endorses and supports the definition of corporate social responsibility as set by the World Business Council for Sustainable Development: "...the continuing commitment by business to behave ethically and contribute to economic development while improving the quality of life of the workforce and their families as well as of the local community and society at large." For AMG and its affiliated companies, this statement, which forms the basis of AMG's ESG strategy, translates into three main sustainable development objectives that the Company has formulated in connection with its financial objectives, technological capabilities and its leading position at the heart of the global metallurgical industry: 1) to provide safe working conditions for our employees and to be responsible stewards of the environment; 2) to meet or exceed regulatory standards by engaging in ethical business practices; and 3) to be a valued member of the local economy, community and society at large by contributing to solutions for addressing some of the fundamental environmental and social challenges facing society today. The Supervisory Board and the Management Board of the Company take continued guidance from these objectives when defining and implementing the Company's strategic objectives.

The Sustainable Development section in the 2022 Annual Report further elaborates on the application of AMG's Code of Business Conduct, its Speak Up and Reporting Policy and the activities of the Company concerning diversity during 2022.

11. DECREE ON ARTICLE 10 OF THE TAKEOVER DIRECTIVE

The information required by the Decree on Article 10 of the Takeover Directive (published on 5 April 2006) is included in this Corporate Governance Report and is published and updated in the 2021 Annual Report.

Below is an overview of the significant agreements to which the Company is a party, which are affected, changed, or terminated subject to the condition of a change of control, or which contain new restrictions on voting rights attached to shares.

The Company is a party to the following arrangements that may be terminated or amended under the condition of a change of control over the Company as a result of a public takeover offer:

- a. The Company has entered into a credit facility for its general financing needs and purposes, dated 30 November 2021, consisting of a USD 350 million Term Loan B and a USD 200 million Revolving Credit facility (“Credit Agreement”), which includes a provision that triggers the Company to repay the entire outstanding amount under the Credit Agreement upon a change of control[, as defined therein;

- c. The members of the Management Board of the Company all have an employment agreement with the Company and/or a wholly owned US subsidiary of the Company, that will trigger termination rights for the Management Board members upon a change of control of the Company pursuant to a public offer. 12. RISK MANAGEMENT AND INTERNAL CONTROLS

AMG employs a risk management approach that identifies and mitigates risk at all levels of the organization. The Company analyzes risks in formal settings such as scheduled Management Board and Supervisory Board meetings as well as everyday operational situations faced by its global employee base. AMG has implemented a comprehensive risk management program centered on the Company’s Risk Assessment Package (RAP), as further explained in detail in the chapter on Risk Management and Internal Controls published as part of the 2022 Annual Report.

As stated above, the Management Board is responsible for the internal audit function of the Company. The Internal Auditor at AMG reports to the Audit & Risk Management Committee and to the Management Board and operates on the basis of an Internal Audit plan approved annually by the Supervisory Board and the Management Board. The Internal Audit plan is risk-based and comprises all units and subsidiaries of the AMG Group with a focus on financial control, IT risks and compliance.

The third member of the Management Board has only one employment contract with a constituent US entity of AMG as well as a management agreement with the Company. This management board member (appointed in 2016), receives payment of two years of base salary in the event of termination by the Company without cause. As a result, the Company departs from best practice provision 3.2.3. in case dismissal takes place without cause.

The main reason for this departure is found in the history of the AMG Group, as follows: By way of general background, it is to be emphasized that AMG was first formed in 2006 through the merger of eight operating companies each with different histories and originating from different countries. Two members of the Management Board (formed in 2007) had preexisting contracts as executives of certain of the operating companies that later formed and became part of the current AMG Group. These contracts reflect local market conditions and customary provisions in the countries in which the executives have been employed. They have provisions that do not fully comply with the Corporate Governance Code's best practices. In view of the specialized nature of AMG's business and the qualifications and expertise of the present members of the Management Board, the Supervisory Board of the Company had taken the decision early on to honor the existing contractual commitments to the members of the Management Board, in order to retain their services and to maintain their commitment to the Company. In this context the severance payment compensation agreed in 2006 has been maintained, for the two (most senior) Management Board members and also the newest (third) member of the Management Board is entitled to two years base salary in order to keep an appropriate level of cohesion between the employment conditions of the individual Management Board members. The Supervisory Board expects that this departure will continue to apply during the terms of the current Management Board members. Further, the Supervisory Board holds the view that this departure does not in any way negatively affect good corporate governance at the Company.

Principle 3.3 Remuneration of the Supervisory Board. The general concept explained in this Principle of the Code is fully endorsed and the Company applies the best practice provisions contained herein, except with respect to best practice provision 3.3.2 (remuneration awarded in the form of shares) as follows:

Departure best practice provision 3.3.2. The General Meeting of Shareholders approved and adopted in its 2009 Annual Meeting and subsequently in its 2013 Annual Meeting,

the granting of shares to members of the Supervisory Board as part of their annual remuneration. As explained by the Supervisory Board during the 2009 and 2013 Annual General Meetings of Shareholders, it considers it important that it can recruit future members from the global marketplace given the size and complexity of the markets the Company is operating in. This merits that part of the remuneration is paid in company shares, in line with US practice (and the general US centric approach for executive compensation as chosen by the Supervisory Board), where the Company has its operational headquarters. Shares granted as compensation to Supervisory Board members are held as long-term investments and restricted from trading for a period of three (3) years from the date of granting. As a result the Company departs from best practice provision 3.3.2.. for reasons explained above. The Supervisory Board expects that this departure will continue to apply indefinitely as it is in place since 2007 and has contributed to the quality of the Supervisory Board and success of the Company. Further, the Supervisory Board holds the view that this departure does not in any way negatively affect good corporate governance at the Company.

Principle 3.4 Accountability for implementation of remuneration policy. The general concept explained in this Principle of the Code is fully endorsed and the Company applies the best practice provisions contained herein amongst others, as evidenced by the Remuneration Report of the Supervisory Board as published as part of the Annual Report and the materials posted on the Company's website.
